Track Maintenance Bill

A
B I L L
TO

Have a team of people perform regular track maintenance

Be it enacted by the president of the city-state of WolvHaven, by and with the advice and consent of the Senate and Representatives, in this parliament assembled, and by authority of the same, as follows -

1. Regular track maintenance

- a. A group of people should be assigned the task to regularly inspect the tracks of metro lines and fix any defects should they arise
- b. This group of people should be from different time zones for maximum coverage

2. Purpose of this bill

- a. Tracks are often broken along the slopes of Metro Line 7, bringing down the reliability of the rail network

3. Short title

- a. This act may be cited as the Track Maintenance Act of 2017

4. Implementation

- a. This act will go into effect immediately after it receives approval from the president

17Q2-2.002

Motion Name:

Reformation of the Helper System (Helper Reformation Act, 2017)

Proposed By:

Proposal by Spaceinvader11, not officially affiliated with any political parties.

Points Made:

1. Need for more America- or EU-based Helpers to avoid offenders from these regions getting away with their crimes for many hours until Asian staff wakes up. (SpaceInvader11)
2. Incompatibility of Western players with Asian ethics and morality that the majority of staff subscribe to. (ROM5419)
3. Plea for accepting diversity as to avoid a growing ridge between Asian and Western players. Comparison to American Civil Rights Movement and call to learn from history. Diverse staff would bring two sides together. (SpaceInvader11)
4. "Diversity as inherently good is a joke." Due to cultural dissonance, most troublemakers are Western. Plea for meritocracy, not ethnic-based selection. (ROM5419)
5. Problem can't be fixed by reformation. It is luck whether the right person will join server. (Minebuilder1223)
6. Cultures value different things. Server is Asian leaned/biased largely because the owners are Asian. Westerners may be more relaxed with rules, but usually have more free time. become staff as similar values are shared. (SpaceInvader11)
7. In Asia, the standards are top notched, however in western world, relaxed in some sort of way. (SpaceInvader11)
8. Westerners are less serious, but more open to socialize and make friends, creating a friendlier community (SpaceInvader11)
9. There can be a compromise. Open new applications for helper rank and promote it to willing westerners without having to lose the meritocratic selection system currently in place. Good balance between both points being made. (GreenMC)
10. First helper to be fired was Asian. It's not about ethnicity. There's no bias. Mat is Polish admin. Plea for meritocracy. (_AngelKevin_)
11. Angry response to Space: embracing different cultures means the watering down of "right and wrong", no more moral standards. (ROM5419)

WolvHaven Minecraft Server:

- 12. What if westerners left? [Followed by a general lack of order and sense of confusion] (SpaceInvader11)
- 13. Giving people jobs because of race is stupid. Demographics aren't majority western, meritocracy is needed. (olov [PM])

Helper Reformation Bill

A

B I L L

TO

Increase the amount of staff on for North American and European players to prevent incidents.

Be it enacted by the president of the city-state of WolvHaven, by and with the advice and consent of the Senate and Representatives, in this parliament assembled, and by authority of the same, as follows -

1. Add more American/European-based Helpers

- a. More American and/or European-based helpers will be added
- b. 1-3 additional helper positions shall be opened

2. Acceptance criteria

- a. Potential helpers are
 - i. American/European-based players who have applied for the helper position
 - ii. Have the same level of standards as current helpers
- b. Should there be no suitable candidates from America/Europe, those who fit the position shall be selected

3. Purpose of this bill

- a. To tackle the lack of staff available during American/European timezones
- b. Have more people to handle or deal with situations when most staff members are asleep

4. Short title

- a. This act may be cited as the Helper Reformation act of 2017

5. Implementation

- a. This act will go into effect immediately after it receives approval from the president and the search of new helpers begin.

17Q2-2.003

Motion Name:

New World Bill

Proposed By:

Proposal by hinwapoon, not officially affiliated with any political parties.

Points Made:

1. New Blocks, Items in 1.11 can only collected in the End, enjoy the experience of 1.11 (Hinwapoon)
2. End doesn't worth another sacrifice, quite impractical, purpose these new blocks be given out via admin shops instead (ROM5419)
3. Add an end cave, if end cave resource is done, can finally employ a new world (UKGUK)
4. Without sacrificing metro line, creativity; sacrificing the metro, decrease of players, all (most) railtards will leave (SpaceInvader11)
5. If have events like WHG, can have some games to be played in the end, it can be a place to play and collect resources (Hinwapoon)
6. If you have special events, how is it going to be benefit, will there be more players joining? Consumes more resource when there are already problems with it (VincentLUMCFan)

New World Bill

A

B I L L

TO

Implement background checks on new immigrants who passed the citizen test.

Be it enacted by the president of the city-state of WolvHaven, by and with the advice and consent of the Senate and Representatives, in this parliament assembled, and by authority of the same, as follows

1. New World for the server

- a. A new world, End, will be added to the server
- b. Players with Citizen or above can get into the new world

2. Acceptance Criteria

- a. All survival world rules apply
- b. All permissions in survival world apply

3. Purpose of the motion

- a. As the server updated to 1.11, to let players enjoy the experience of 1.11
- b. Some new blocks are items can only collected in the End.

4. Short title

- a. This act may be cited as the New World Bill, 2017

5. Implementation

- a. This act will go into effect immediately after it receives approval from the president.

17Q2-2.004

Motion Name:

Abolishing of Train Examiner System Act

Proposed By:

Proposal by Endermat96, from PHN.

Points Made:

1. Trains do not derail, several examiners are lazy to teach new drivers. System should be abolished and replaced with a list of commands and directions on signs..More easily avilable to understand for the public. Players ranked Citizen+ may simply ask to be added to the driver warp room instead of the a long process of being taught how to drive. Player who become restricted from driving will simply not be added or removed from the warp area (Endermat96)
2. Voice of concern over the ability of signs to adequately teach drivers how to drive the metro. (GreenMC)
3. There is at least necessity for a person to *observe* the test occuring. (SpaceInvader11)
4. Many examiners are too lazy, not online or dont want to teach people who wish to learn. Few examiners too lenient when teaching. Bill proposes to make a better way for new people to be trained (Endermat96)
5. Have the players self-teach themselves or use what ender has mentioned. Use an examining system to make sure they know how to operate the trains. Examiners will keep their roles but do not teach new drivers.

Motion is therefore resolved in the affirmative.

Abolish Current Train Examiner System Bill

A
B I L L
TO

Shorten time & expand easier access to drive trains.

Be it enacted by the president of the city-state of WolvHaven, by and with the advice and consent of the Senate and Representatives, in this parliament assembled, and by authority of the same, as follows -

1. Purpose of this bill

- a. New players always asking how to drive trains but no one answers online/offline.
- b. Takes too long of a process.
- c. New players always denied by examiners to teach how to drive.
- d. Too few examiners.
- e. Now that trains can't derail, not much point in a rule point system such as preventing players from gaining a license even before tested

2. Examiners are seen as Negative

- a. Examiners lazy, often not wanting to deal with railtards
- b. Each examiner has different way of teaching, no standard.
- c. Few examiners are too strict or lenient

3. Replacement Method

- a. A list of commands & directions will be set up across from the driver warp room
- b. When asks admins to be added to warp room, the players will be added
- c. When player has committed offense such as spamming, train jacking, etc they are subject to removal access from the driver warp room instead of a point system. If the players has set homes in the depot then they are blacklisted from driving.

4. Short title

- a. This act may be cited as the Examiner System Abolishment Act of 2017

5. Implementation

- a. This act will go into effect immediately after it receives approval from the president

17Q2-2.005

Motion Name:

Dynmap Quality Reduction Bill

Proposed By:

Proposal by SilverWolv, President of WolvHaven

Points Made:

1. As of April 2014, the size of the dynmap files is over 50GB, occupying close to 40% of our server storage space. This is largely due to the high quality of the images being taken on dynmap and the image format being in a png format. Change the format from png to jpg which takes up less space and reduce the quality of dynmap images in order to free up more server space for backups. (SilverWolv)

AYES: 8 NOES: 5

Motion is therefore resolved in the affirmative.

Dynmap Quality Reduction Bill

A

B I L L

TO

Reduce the quality dynmap images to free up server space

Be it enacted by the president of the city-state of WolvHaven, by and with the advice and consent of the Senate and Representatives, in this parliament assembled, and by authority of the same, as follows -

1. Change in format of the dynmap images

- a. The dynmap image format will be changed from .png to .jpg
- b. Reduce the quality of the images captured on dynmap if possible

2. Purpose of this bill

- a. The current dynmap images take a whopping 54GB of server space, largely due to the world size of Gardellia
- b. Reduction in the size of dynmap files will enable us to include the dynmap files in our regular server backups

3. Short title

- a. This act may be cited as the Dynmap Quality Reduction Act of 2017

4. Implementation

- a. This act will go into effect immediately after it receives approval from the president

17Q2-2.d1

Motion Name:

Economy Reset Bill (Discussion, no vote)

Proposed By:

Proposal by SilverWolv, President of WolvHaven
