The primary purpose of the PR rank is to provide an additional layer of security to protect against new players of malicious intent, and maintain the culture and demographics of the server community; while providing more opportunities for players deemed illegitimate for citizenship to experience the server's features.
- c. The Citizen Test will remain as-is, but will be renamed as the Immigration Clearance Examination (ICE), or simply "Immigration Test".

- c. Administrators reserve the right to promote PRs to Citizen unconditionally if the PR in question has shown exceptionally benevolent behaviour.
- d. Administrators are also permitted to demote PRs to Tourist if the PR's current behaviour justifies such punishment.

4. Changes to the Citizen rank

- a. There will now be a maximum quota of citizen promotions to reduce the workload of Administrators and maintain the sustainability of the server community. The quota is to be reset every month, and the limit is dynamically determined based on the active player population, current availability of administrators, and the security level/defence readiness of the server.
