Commence the introduction, implementation, and optimisation of the Permanent Residency rank as an interim rank between sojourn and citizenship as part of immigration reform.

**B**e it enacted by the president of the federation of WolvHaven, by and with the advice and consent of the Senate and Representatives, in this parliament assembled, and by authority of the same, as follows -

# 1. New Permanent Resident (PR) rank for new immigrants (players)

- a. New players who have passed both the Citizen Test and manual background checks will be promoted to PR rather than be granted citizenship.
- b. The primary purpose of the PR rank is to provide an additional layer of security to protect against new players of malicious intent, and maintain the culture and demographics of the server community; while providing more opportunities for players deemed illegitimate for citizenship to experience the server's features.
- c. The Citizen Test will remain as-is, but will be renamed as the Immigration Clearance Examination (ICE), or simply "Immigration Test".
- d. There will also be changes to the Citizen rank in order to accommodate the proposed additional immigration regulations.

### 2. Permanent Resident (PR) rank details

- a. The new PR rank will retain many original citizenship privileges, including:
  - i. Employment in businesses and as railway drivers
  - ii. Permission to access Sandbox, Gardellia, and Pangaea
  - iii. Permission to build in Pangaea
  - iv. Permission to use stored-value Metro+ cards
  - v. Permission to speak in the WolvHaven Discord
  - vi. Permission to own property in the City
- b. However, the following privileges require further promotion to citizenship:
  - i. Ownership of public housing units
  - ii. Eligibility to vote in server elections
  - iii. Eligibility to form or join political parties
  - iv. Permission to apply for Architect rank
  - v. Receiving Donor rank privileges
  - vi. Permission to build in Sandbox and Laboratory

#### WolvHaven Minecraft Server:

### 3. Permanent Resident (PR) to Citizen Promotion Criteria

- a. Any permanent resident shall be granted citizenship by administrators under the following conditions:
  - i. Permanent Residency for at least 1 week, subject to behavioural monitoring reports from peers.
  - ii. The PR must submit to server staff a self-introduction document written in either essay or point form, stating their identity details, their rationale for joining the server, and what they could contribute to the server. The document must be in a language readable by at least one staff member.
  - iii. The PR must go through another (less intensive) round of manual background checks.
  - iv. The PR must have NO bans or active warnings in the past 3 months.
  - v. The monthly citizenship quota has not been exceeded. (ref clause 4a)
- b. A permanent resident shall be blacklisted (permanently refused) from obtaining citizenship if any of the following are met:
  - i. The PR has been (permanently) banned more than once.
  - ii. The PR is an active member of a rival server or cybercrime organisation blacklisted for acts of terrorism against WolvHaven.
- c. Administrators reserve the right to promote PRs to Citizen unconditionally if the PR in question has shown exceptionally benevolent behaviour.
- d. Administrators are also permitted to demote PRs to Tourist if the PR's current behaviour justifies such punishment.

# 4. Changes to the Citizen rank

- a. There will now be a maximum quota of citizen promotions to reduce the workload of Administrators and maintain the sustainability of the server community. The quota is to be reset every month, and the limit is dynamically determined based on the active player population, current availability of administrators, and the security level/defence readiness of the server.
- b. Citizens that satisfy any of the following conditions will be demoted to PR:
  - i. One unappealable permanent ban
  - ii. Two appealable permanent bans
  - iii. Four temporary bans due to warnings
  - iv. Eight imprisonment periods
