Autobus22, MP, HGP			

*The bill documents are attached behind.*

## Single Layer Interjection Suggestions Bill

A  
**B I L L**  
TO

Add additional legislation for parliament to make sure input can be given to bill amendments.

**B**e it enacted by the president of the federation of WolvHaven, by and with the advice and consent of the Senate and Representatives, in this parliament assembled, and by authority of the same, as follows -

### **1. Proposed changes:**

- a. Upon a proposed Amendment, People in Parliament will now be able to call a Single Layer Interjection (The speaker will ask if anyone wants to make a Single Layer Interjection, and at least 10 seconds will be given for a player to jump up and make their Single Layer Interjection Suggestion.) to suggest a different Amendment instead (and provide reasoning for this Amendment.)
  - i. This may only be done if the proposed Amendment is in (direct) conflict with an Amendment that is being made.
  - ii. This Amendment may be accepted by the bill proposer. If the bill proposer declines, the conflicting Amendments will head into a vote.
    1. When multiple persons attempt to Single Layer Interject at once,- A three (or more) way vote may be called, or there may be a vote first to see if any interjection is wished for at all,- to then after that vote on which interjection should be inserted.

### **2. Reason(s):**

- a. It has come to light that recently that there (of course) isn't always agreement over Bill Amendments, resulting in bills sometimes re-appearing shortly after the session the original bill was proposed in with amendments that the original proposer wouldn't agree too, to then pass through parliament successfully. This new guideline would make sure the best possible Amendments would make it into a bill, when multiple suggestions for Amendments on the same subjects that contradict or conflict with each other are made,- saving a significant amount of time in the end, by not having to get essentially the same bill through parliament again.

### **3. Short title**

- a. This act may be cited as the Single Layer Interjection Suggestions Bill, 2018

### **4. Implementation**

- a. This act will go into effect immediately after it receives approval from the president.
