Parliament Discord Voting Bill

Debate:

Quarxilon: this individual would like to inform the house that, MachineMatster is unable to attend so this individual will send his words, a few adjustments have been made based on recommendations to place emphasis on certain points, a community poll was introduced to suggest an appropriate time period. with a majority poll favouring 12 hours, while coming in 2nd were favouring 24 hours. therefore it seems appropriate to provide a couple of extra hours, now making this 16 hours. secretaries take note: the wording of Ilc, Ild, and Ile are to be changed to: Ilc: Voting opens when a WolvHaven, or parliament staff states discord parliament voting is open. Ild: Voting on a bill via discord is to be concluded at approximately sixteen hours after the section Il.c announcement followed by an announcement from WolvHaven, or Parliament staff stating the discord voting period for this parliament session of (date) is concluded. Ile: Any votes with a "(edited)" on their discord post will NOT be counted as well as the players who already finalized their vote within parliament won't be eligible to vote a second time on the same bill.

Disestablishment of Gardellia Council Bill

Debate:

The SPEAKER: Second bill, Disestablishment of Gardellia Council Bill, a bill to Disestablish/nullify the Gardellia Federalisation & Council Establishment Bill.

Minebuilder1223: Thank you mr speaker. This government recognises the failure of the gardellian assembly as prescribed in the Gardellia Federalisation and Council Establishment Act 2017 and therefore we support the implementation of this bill to clarify the return to the previous rule of law that is currently governing that territory of gardellia. Although the bill could have been worded much more simple, There i beg to move that an amendment be made to remove sections II, III and IV and amend section I to have one clause stating "Repeal the Gardellia Federalisation and Council Establishment Act 2017".

Question put to the House and agreed on. (remove sections II, III and IV and amend section I to have one clause stating "Repeal the Gardellia Federalisation and Council Establishment Act 2017".)

Urgent Ministerial Statements

The **PRIME MINISTER** to deliver a statement regarding a threat of “war” received 17 November 2018

The PRIME MINISTER: Thank you Mr. Speaker. Delivered to me today was an "ultimatum," made by a former member of our community, Leon. One thing I would like to make clear, straight out, is that the imminent threat to WolvHaven is no higher than it currently is. There is no need for panic.

For those unsure of the current situation, former member, Leon, now banned, has sent a letter, threatening a declaration of war against us. In this threat, he has outlined the following five points as justification for such an act.

His ban enacted on the Third of September, 2018

The "extended" length of the initial ban given to him on the Twenty-First of July, 2018

The poor care given to Kentucky City, calling Gardellia a "puppet of WolvHaven"

The mocking of Aqua Airlines as an unoriginal copy of a Roblox company

Poor approval rates of Gardellia Airport applications

Our failure to cooperate with said "ultimatum" will result in an "invasion." There, however, is no requests made to the state in the letter, clearly outlining what he wants us to do. As a result, the Government's stance is as follows:

We, the Government of WolvHaven, do not recognise Kentucky City (KC) as a sovereign nation, and thus do not acknowledge this declaration of war as Leon does not have any supporters to begin with. We also do not believe the threat from this individual is credible as he does not have the intelligence to carry out a meaningful attack.

Nevertheless, the security and safety of WolvHaven remains a top priority for this government. We will be working closely with the Defence and Intelligence Unit to monitor any further threats or activity and will keep the community as updated as possible.
